What should I do in the event of an accident?

- 1 Turn off your ignition and turn on your hazard lights.
- 2 If anyone has had serious injuries, a driver did not stop or a vehicle was towed away after the accident call 000 immediately (it is not necessary to call 000 if there are no injuries or the vehicles do not need to be towed).
- 3 Exchange details with anyone else involved (including their name, address, phone number, their insurance company, licence and vehicle registration number)
- 4 Carefully inspect the scene and record as many details as you can (if possible take photos to capture the general landscape, adjoining roads and obstructions, conditions etc.).
- 5 If your Volkswagen needs to be towed, you have the right to decide who will tow it and where it will be towed to. A Volkswagen Approved Repairer is the best option to repair your vehicle.
- 6 Contact your insurer; they will need to know as soon as possible following the accident.
